**Subject:** Net Metering in SC

*I am writing to urge you to proceed as quickly as possible in establishing a policy of net metering in South Carolina. Our state needs to join the 40 other states which require public utilities to purchase surplus power from their residential customers. This requirement will increase the use of renewable energy sources, improve environmental quality, and reduce our dependence on fossil fuels (domestic and foreign).*

**Docket No. 2005-385-E**

*Thank you for your consideration of my views on this important subject.*
